ENVIRONMENTAL EDUCATION OPPORTUNITY

Helping people connect with nature

We are excited to offer schools the opportunity to take part in environmental education visits funded through the Countryside Stewardship (CS) scheme at Hazel and Thoroughsale Woods in Corby. These visits are designed to inspire pupils by connecting them with nature, conservation and sustainable woodland management.

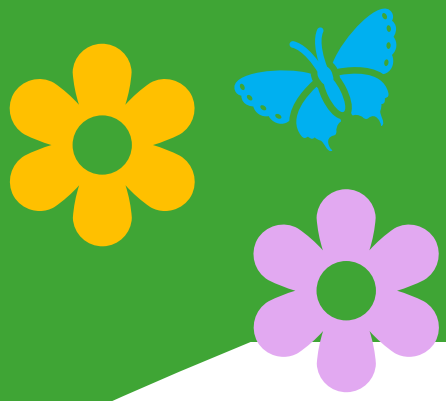
HAZEL AND THOROUGHSALE WOODS



What's Included?

Engaging 2-hour sessions led by our experienced Education Rangers.
A guided tour of the woodland, exploring topics such as:

- Wildlife and habitat conservation
- Sustainability and the environment
- Woodland management

Cost

- Free of charge to schools – visits are fully subsidised through the CS scheme.

Why Take Part?

- Supports curriculum learning in science, geography, and sustainability.
- Provides hands-on experiences that foster environmental awareness.
- Helps schools meet sustainability and outdoor learning goals.

Eligibility

- Available to schools within North Northamptonshire – must be able to travel to Hazel and Thoroughsale Woods, NN17 2UN

THE GROWING PLACE AT CORONATION PARK

Additional Opportunity: The Growing Place at Coronation Park

Extend your sustainability journey by hiring The Growing Place at Coronation Park – a dedicated "one-stop shop" for sustainability education.

Schools can:

- Book growing sessions and explore food production through staff led sessions – charges apply
- Access guidance on delivering sustainability initiatives within your school setting.
- Utilise the Growing Place in Coronation Park, Corby as a hired facility for practical learning, workshops, and outdoor activities.

This is an ideal way to combine curriculum learning with real-world environmental action, supporting your school's sustainability goals.
